DIRT CREW (Break 3000)

City: Berlin (DE)
Labels: Dirt Crew Recordings

Biography:

Break 3000 (Dirt Crew Label Owner) has been a DJ since the early 90's and is looking back at over 20 years of DJ experience now. Dirt Crew started out in 2004 with Break 3000 and James Flavour, doing releases on labels such as "My Best Friend" & "Mood Music" soon after their big success the "Dirt Crew Recordings" label was founded. After many years of changing music styles and hypes we are very happy to be stronger as ever and still up and running. We also started our new sub label "S P I E L" in 2013 that focuses on more Indie and Disco orientated music.

With recent big albums from "Tigerskin" and "Detroit Swindle" we are also stepping into the full artist albums which is another big leap for us. Last year we released our 100th release with the "Deep Love" compilation that featured Japanese artist "Jun Kamoda" and our new discovery "Felix Leifur" from Iceland. This year will see more fine releases from a lot of upcoming young talent and established producers like "thatmanmonkz", "Harry Wolfman" and "Jesse Futurman". We don't follow trends and are confident that our fan base will follow us into these new styles and producers we are about to launch.
